

COVE STREET CAPITAL

April 1, 2024

Ms. Barbara Whittaker
Chair of the Nominating and Governance Committee
The Board of Directors
Motorcar Parts of America, Inc.
2929 California Street
Torrance, CA 90503

Dear Ms. Whittaker:

On February 21, 2024, we sent a letter to the Board of Directors suggesting the need for governance and Board change at Motorcar Parts of America. We offered up two highly qualified candidates.

We are being "handled" by Gary Maier, who is the head of Investor Relations. We would politely suggest that our interest is in working directly with the Board of Directors. You are the head of the Nominating and Governance committee, which would be the natural start to this process. If you or the Board would like to suggest an alternative path or person with which we should engage, we would welcome direction.

As we have noted in our prior communication (attached), the best path to making good decisions is for a small group of people with skin in the game to work cooperatively and privately. We do not see why this should not be the case at Motorcar Parts of America.

We look forward to hearing from you shortly.

Sincerely,

Jeffrey Bronchick, CFA
Principal, Portfolio Manager
Cove Street Capital, LLC
